

Advice for Beach Hut Owners - Summer / Autumn

It is to be hoped that summer is a great time at the beach weatherwise, but there are many more people about who are not necessarily thinking about beach huts and their owners. So, the first step to keep your hut safe and secure is to make sure that it is in good condition and that it is properly locked-up. If repair work is needed, the following contractors have all been active at Calshot. NFBHOA can take no responsibility or liability for their workmanship.
