Newsletter No.78 - Summer 2021

What a wonderful start to the Summer at Calshot. There's always something interesting to see, from Rod who walks the beach daily, now sporting a Costa Del Calshot T-shirt, to a visit from a huge Trilobite shaped kite! Yet another yacht caught out by the sand bar awaiting high tide, but the sight of many beach huts open, and their owners enjoying the sunshine makes a perfect day at Calshot.

Just a little reminder to leave space for beach users to walk past the front of our huts without needing to step over the top revetments.

I know it is very tempting to spread out. Talking of which, NFDC will be carrying out an inspection of the posts as many are rotting or missing.

Litter has been kept to a minimum thanks to beach hut owners and beach walkers. If you are

litter picking and require rubbish sacks, NFDC have provided rolls of bags on the Crabby billboard which is located on the slipway car park.

Enjoy the summer ahead!

Pauline Haden, Calshot Rep for NFBHOA calshotrep@newforestbeachhuts.com
